FALL / WINTER
2026 / 2027
PROGRAM GUIDE

West Toronto
Skating Club

Welcome to the 2026–2027 Fall & Winter Program at the West Toronto Skating Club!

We're looking forward to welcoming our members back for the 2026–2027 skating season.

As many of you know, McCormick Arena is currently undergoing construction and is not expected to reopen until June 2027. While the arena remains unavailable, the West Toronto Skating Club will be operating a modified program.

From October 2026 until McCormick Arena reopens, **WTSC will offer figure skating sessions at our temporary training location.**

During this period:

- *Our Learn to Skate and RisingSTAR programs **will not be offered** during the Fall 2026 or Winter 2027 sessions. These programs will resume once we are able to return to our home arena and establish our regular programming.*
- Figure skating sessions will be available for qualified skaters looking to continue their on-ice training and development.
- Skaters may arrange private and/or semi-private lessons with their own private coach during available sessions. These lessons are arranged directly between the skater/family and their coach, and are not organized or operated by the West Toronto Skating Club.
- WTSC will prioritize Phil White session registration for 2026 members. Guest skaters will be able to register after October 1, 2026. Email office@wtsc.ca to get put on a guest skater waitlist until then.

We understand that this is a significant change from our usual programming, and we appreciate your patience and understanding as we navigate this period of construction and transition.

Our priority is to continue providing our figure skaters with opportunities to stay on the ice, maintain their skills, and continue progressing while we wait for McCormick Arena to reopen. The current expectation is that McCormick Arena will reopen in June 2027, at which point we look forward to returning home and rebuilding our full range of programming, including Learn to Skate, RisingSTAR, and our regular figure skating programs.

Thank you for your continued support of the West Toronto Skating Club. We appreciate your flexibility during this temporary period and look forward to seeing our skaters back on the ice this fall.

Michael Coreno

West Toronto Skating Club*

LEARN TO SKATE AND RISINGSTAR PROGRAMS WILL NOT BE OFFERED DURING THE FALL 2026 OR WINTER 2027 SESSIONS. THESE PROGRAMS WILL RESUME ONCE WE ARE ABLE TO RETURN TO OUR HOME ARENA AND ESTABLISH OUR REGULAR PROGRAMMING.

STAR - Practice and Private Lesson Sessions

STAR skaters of all ages develop fundamental figure skating skills in the areas of ice dance, skating skills, free skate and artistic skating. Skaters have the opportunity to take Skate Canada Tests through a nationally standardized testing system.

Practice and Private Lesson Sessions are **for skaters who have completed the CanSkate program and are working on STAR 1-level disciplines.** These sessions provide skaters with the opportunity to take private or semi-private lessons with a coach and/or practice independently. STAR-level skaters are encouraged to work with a coach for guidance and skill development before practicing independently.

Lessons must be booked with a coach directly and are paid separately to that coach. They are arranged directly between the skater/family and their coach, and are not organized or operated by the West Toronto Skating Club.

Email office@wtsc.ca for guidance on coach selection.

Procedures for inappropriate behaviour may include:

- Verbal warning from Program Director / Supervisor on Session
- Written warning from Board of Directors
- Short term suspension or expulsion from the club, to be determined by Board of Directors

SESSION ETIQUETTE:

- All skaters and coaches MUST leave the ice surface immediately upon the announcement for the commencement of the floods.

Courtesy: Courtesy is first and foremost. It is essential to respect the rights of other skaters and be aware of who is around you at all times. Right of Way: First priority is given to skaters who are skating to their solo or dance music. Second priority is given to skaters in a group lesson. Give these skaters the right of way at all times. Skaters with the right of way must also remember to keep an alert eye open to avoid collisions and may respectfully remind others of right of way (e.g. "excuse me").

- Spins should be performed at the centre of the ice surface, and jumps should be at the ends and in the corners. Do not spend most of your time in the corners. Skaters who are practicing the Lutz may not see you as they enter their jump.

- If you fall down, get up as quickly as possible. If someone falls and does not get up on their own, do not move them. Get a coach to assess the injured skater. In the meantime, have someone stand "guard" over them to make sure other skaters avoid collisions with them. When you are practicing elements like camel spins and back spirals be especially aware of the danger your exposed blade poses to other skaters.

- Take a good look at your expected "space" before you start the element, and do not proceed with the element if it looks like you could cause a problem for yourself or other skaters on the ice..

- Don't stand around on the ice to "chitchat". You interfere with and/or present a hazard to other skaters, and you are wasting your practice time. Skaters are expected to be skating at all times while on the ice. Wearing earbuds/headphones is not permitted while on the ice.

LESSONS:

- Skaters may arrange private or semi-private lessons with their own private coach during available sessions. These lessons are arranged directly between the skater/family and their coach, and are not organized or operated by the West Toronto Skating Club

- Members grant WTSC permission to copyright, publish and/or use photographic portraits, pictures, or videos of them in which they are included in whole or part, for advertising, trade, web and multimedia or any other lawful purpose.
